The film will be shown at the **MAYFAIR** theatre on Thursday, **April 14th, 2016**. Doors open at 5:40 p.m. and the film starts at 6:05 p.m. The viewing of the film will be followed by a Q&A session with the author. The entrance is free, but we encourage you to use the donation box, the proceeds of which will go to the 'Youth Education Fund', sponsored by Diana. The MAYFAIR has 325 seats and entrance for this event will be on a first come, first serve basis.

'Call of the Forest: The Forgotten Wisdom of Trees follows Diana Beresford-Kroeger, touring some of the earth's last, great forests, from Japan, Ireland, Germany, to the United States and Canada, meeting many of the world's most ancient trees and educating people about their history and legacy – a history and legacy that is deeply entwined with our grand and benevolent neighbours, the trees.'

'...Diana tells us amazing stories of how trees protect and feed the planet,

producing pheromones and oxygen, filtering our air and water of toxins and sequestering carbon.'

'This is a call to action, the time to engage is now...No other organism or invention can do what the tree does.'

We will all go on the greatest adventure of our lives. And we will come home to a different understanding of ourselves when we realize the importance of the forest. You will never look at a tree in the same way again. Trust me in this."
